

Don't break the Bottle™

Original #20099

TO LOCK UP A BOTTLE

Familiarize yourself with the puzzle parts before you start, then proceed as instructed.

TO RELEASE THE BOTTLE

Familiarize yourself with the puzzle parts before you start. Reverse steps 5 through 1 to release the bottle.

CHEERS!

1 • Place the bottle in the puzzle base, place the "E" section cap on top and slide "C" Bar over "E" Bar end as illustrated below. To adjust the height of the puzzle, alter the length of the rope by moving the knot inside "E" section cap.

2 • Slide "D" bar slot over the end of "E" Bar and arrange the puzzle parts as shown below. Make certain the rope does not become tangled.

3 • Slide "D" Bar and balls off "E" Bar. Position it horizontally as shown below.

4 • Hold "D" Bar in your right hand. Pass "A" Ball through "E" Bar opening, then push "D" Bar halfway through as shown.

5 • Pass "BLOCK" down through "D" Bar slot. The bottle is now locked into position.
