RELEASE THE RING WITHOUT BENDING OR FORCING THE PUZZLE.

1 • Position the puzzle as shown.

2 • Move the metal ring up along the cord and through the puzzle frame. Slip the ring halfway down between the back section of the slot and the vertical frame of the puzzle.

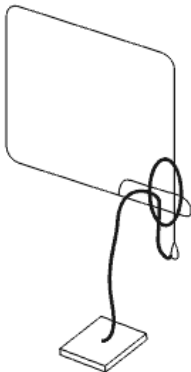

3 • Holding the ring firmly in this halfway position, slip the ring over the knotted end of the cord and the metal end of the frame, then bring it up between the front section of the slot and the frame of the puzzle.

4 • Encircle the puzzle frame with the ring and cord, and then pass it over the end of the slot.

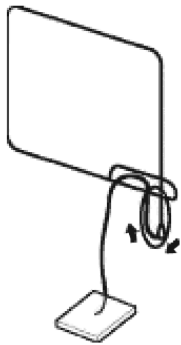

5 • Slip the ring back down inside the slot.

6 • The ring is now free. Reverse to reassemble.
