

# I.Q. Collection™

## The Temple™

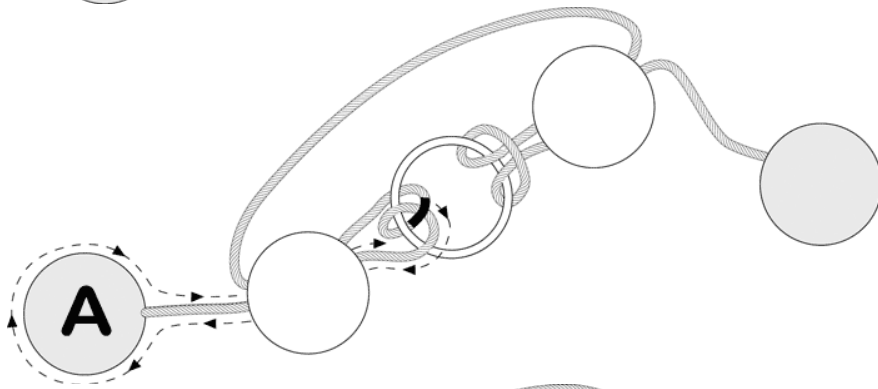

Two mysteries must be resolved before The Temple™ relinquishes the gift entombed within.  
A contemplative puzzle, strictly for expert players

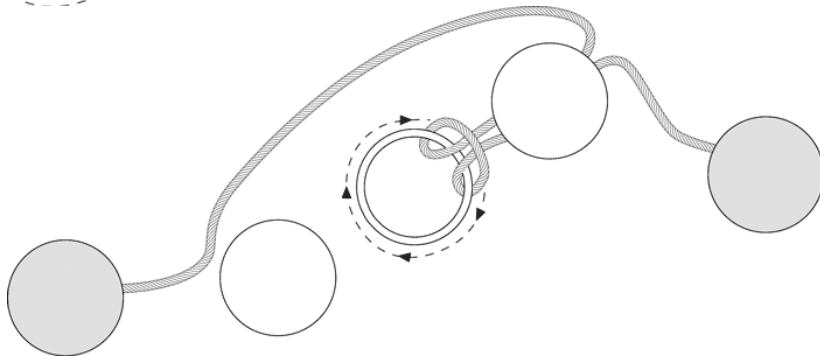

1 • Pass section of cord (indicated in black) through the column and over Ball A.

2 • Wiggle the section of cord (indicated in black) toward the center of the ring.

3 • Following the arrows, pass the cord section through the column and around Ball A.

4 • Pass the cord over and around the metal ring. It is now free.

## TO FREE THE GIFT:

With the puzzle standing upright and the FRONT facing you, make reference points on the front of each base to facilitate realignment. This can be done with a pencil mark or a small piece of tape.

- 1 • Slowly turn Base 3 clockwise until you hear Rod A slip into Base 3. Stop turning as soon as you hear the click.
- 2 • Holding Base 2 & 3 together but not lined up, make a 1/4 turn counter-clockwise until you hear Rod B slip into Base 2.
- 3 • Again, holding Base 2 & 3 together but not lined up, give them a 1/4 turn clockwise.
- 4 • With the FRONT of The Temple™ always facing you, slowly turn it upside down. NOTE: DO NOT TILT THE PUZZLE BACKWARDS. TURN IT BY TILTING IT TO THE SIDE.
- 5 • Holding Base 2 & 3 together, but not lined up, gently jiggle them back and forth until you hear Rod A slip into Base 1. Base 3 is now able to be lined up evenly with the other bases. Use your reference points.

NOTE: YOU MAY NOT HAVE TO JIGGLE THE PUZZLE AS THE TURNING MOTION MAY HAVE DONE THE JOB FOR YOU.

- 6 • With the FRONT of the Temple™ facing you, turn it downside up. Jiggle Base 3 until Rod B slips into Base 3.

NOTE: YOU MAY NOT HAVE TO JIGGLE THE PUZZLE AS THE TURNING MOTION MAY HAVE DONE THE JOB FOR YOU.

- 7 • Turn Base 3 counter-clockwise until you hear Rod A slip into Base 3.

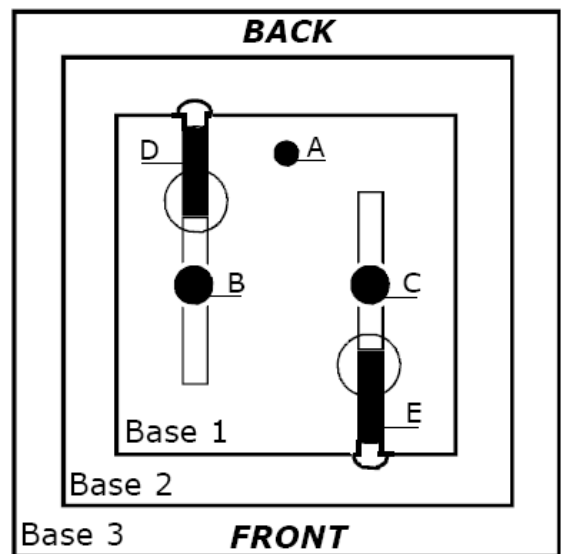

- 8 • Holding Base 2 & 3 together but not lined up, give them a 1/4 turn clockwise so that Rod C slips into Base 2.

- 9 • Tilt The Temple™ on its back so that the FRONT faces the ceiling. Gently jiggle the pillars to release Rod E.

- 10 • Continuing in the same direction, tilt the puzzle backward to engage Rod C, thereby locking Rod E in place. You are now facing the BACK of the puzzle.

- 11 • Continuing in the same direction, tumble the puzzle backward so that the BACK faces the ceiling and Rod D is disengaged.

NOTE: THIS STEP MUST BE DONE GENTLY TO BLOCK ROD E FROM SLIDING BACK INTO ITS ORIGINAL POSITION. DURING THIS MOVEMENT, CHECK OFTEN TO SEE IF THE PILLARS DISENGAGE FROM THE BASE OF THE PUZZLE.
