

Tantrix™

Discovery Puzzle Mesh

Welcome to the addictive world of tactics, strategy, luck and skill.

Ten Rules

- ❶ Turn all 10 tiles upside down so that the numbers face up.
- ❷ Turn over tiles 1,2 & 3 and make a loop or circle. The color on the back of tile 3 indicates the color of loop you will be making.
- ❸ Break up the tiles, add tile 4 and make a new loop. The color on the back of tile 4 indicates the color of loop you will be making.
- ❹ The loop can be any shape, provided the ends join up and the intersecting colors match-up. ie: a blue end cannot connect with a yellow end.
- ❺ Continue adding one tile at a time and creating loops...if you can.
- ❻ With less than 10 tiles, only one color of loop is possible to create.
- ❼ With all 10 tiles, each color has a solution. See below.
- ❽ The more sets of Tantrix Discovery™ you add, the higher the number you can achieve.
- ❾ With 2 sets of 10 tiles, you can create a loop of up to 20. With 3 sets, up to 30...
- ❿ The color on the back of tile #4 for example, will indicate what color of loop to make when creating 14, 24, 34 etc.
